THE MORGAN REGISTER,

A Begister intended to include all stallions of merit that trace in direct male line to Justin Morgan and having at least one sixty-fourth of his blood. All such stallions tonled in or before 1886 are admitted free. A fee of one dollar is charged for registering each stallion toaled since 1880, and for each mare whenever toaled. All mares are eligible that have the descent and inheritance above prescribed for stallions. The first volume, the final sheets of which are now being revised for the press, will contain about four thousand pedigrees, earefully compiled from original sources, a sketch of the origin and history of the great Morgan family, and much other new and original matter. The book will be illustrated with portraits of Morgan horses, and handsomely and substantially bound. The price is not yet fixed, but will be as low as can be afforded, so that the work may be widely distributed. of getting and verifying information, discriminating rigidly between what is known and what is unknown, and setting down nothing as ascertained which is in doubt. Sources of intermation will be given in each pedigree so that every reader can verify the work for himselt. Full descriptions of the animals registered will be given, and tables showing the merits of the Morgans, as compared with oth. er. The filly is full sister to Keeper, is Young Bruno at five years old and Miss McHenry, Ill.; got by Sayler's Gifford received for a short time further, and blanks furnished on application. Address

Dear Sir:-Your favor at hand and noing. She was brought from Ohio to Hancock county, Ill. The man I bought along in the 50's, I had some experience of Barnes of La Harpe, Hancock Co., and he got her from a man that brought her Imp. Trustee. At any rate she was a fine mare. She could trot in less than three minutes and was a splendid road mare. She dropped dead in a reaping machine at 22 years old. I sold the horse when ten years old to a Mr. Brown, and Tenn., and I lost track of him. He was one like him now.

I am a great lover of the Morgan horse and I often wonder if they have preserved the breed in the State of Vermont and if I could get one. He is a natural trotter of great courage, able to show a 2:30 gait without fitting. His get are large, strong, fast and stylish, all solid color and nearly all bay. They have taken the lion's share of premiums for three seasons past over the get of all other famous sires shown at the Annual Fairs in Addison County, noted all over the country for the elegance and speed of its horses. In breeding and as an individual he is one of the very best sons of Ben Franklin, most noted sire of winners of his age in the North; he the best son of Daniel Lambert, long famous as the greatest sire of trotters then living. Clay Franklin's dam was a mare noted for speed and courage, a product of the popular Clay and Black Hawk cross, that produced Belle Hamlin, 2:124, and The Moor, which got Sultan that at 10 years stood first of trotting sires of his age that had ever lived. Clay Franklin, fresh from a full season in the stud, won the free-for-all trotting race at the Addison County Fair in 1888, demonstrat-ing his capacity to make a very fast record when given a fair opportunity.
